VOL. X. ALBANY, ALAMEDA COUNTY, CALIFORNIA, FRIDAY, MAY 18, 1945 NUMBER 33

News of Local Men and Women in Our Armed Forces

An Eighth Air Force Bomber Station, England—Technical Sergeant James M. Ryken, 27, of Albany, engineer on the B-17 Flying Fortress "Going My Way," has been awarded the Air Medal "for meritorious achievement" in Eighth Air Force bombing attacks against targets in Nazi Germany.

Son of Mr. and Mrs. F. E. Ryken, 1014 Pomona Drive, Albany, Sgt. Ryken has flown on missions against such targets as railroad marshalling yards and airfields at Cologne, submarine pens at Kiel, armored vehicle factories at Hannover, and military installations in the path of the ground force's sweep into the Reich.

On only one mission has the California's airman's Fort been damaged. "We had just released our bombs on an airfield near Cologne when about 20 or 25 bursts of flak exploded just ahead of us," Sgt. Ryken described the action. "Those German gunners were really shooting hard at our Fort, but all the damage the flak did was to one engine. We were still able to return with the formation."

Sgt. Ryken is a member of the 100th Bombardment Group which has been cited by the President for leading bombing missions against targets in Berlin and, as a unit of the Third Air Division, shares another Presidential citation for the division's new famous England to Africa shuttle bombing of Messerschmitt aircraft plants at Regensburg, Germany.

A graduate of St. Mary's High School, Albany, Sgt. Ryken worked as an oil tester for Standard Oil Company before entering the Army Air Forces.

THE FIGHTING CULLEYS

If anyone feels that he's been doing his share of work lately, let him take a walk over to 1498 Marin where the Culleys hang their hats. In the window hangs a service flag with four stars.

The star in the upper left is for Walter Culley, Jr. with Hodges' 1st Army in Berlin.

Next in line comes Albert Culley. Albert, a crack mechanic, is with the Air Corps in Burma. He attended Albany High School and the San Francisco Polytechnical School.

The third star is for a fellow in the 4th Marines, Lloyd (Bob) Culley. Bob has seen more action than his brothers. He was in the Marshalls, Roi, Saipan, and Tinian with the JASCO's and was with the first wave of the Pasco's-joint assault company at Iwo Jima, and before that with the second wave at Aweitok.

Herb the fellow that takes the beating, the youngest, is on an AK boat landing supplies behind the lines for the successful landings in the South Pacific.

Education Board Appoints New Faculty Members

The regular meeting of the Board of Education of Albany Unified School District was held Thursday evening, May 10, with the new president, Ralph Locke, presiding.

The Board approved a request made by the Inter-Faith Committee for release time for religious education for students in grades 5, 6 and 7. This request was granted that students may be released from regular school one hour per week in order to attend classes for religious instruction in their respective faiths. All students will be excused at the same hour to attend these classes.

During the past year the plan of release time for religious instruction has been in effect for grades 8 and 9. Granting of the new request is merely an extension of the practive already being followed and which has proved very satisfactory.

Other items considered by the Board included the employment of the following teachers for the high school staff: Miss Margaret Alma Gean, homemaking; Mrs. Patricia Nuttal, shorthand and business English; Boyd W. Rea, mathematics and commercial subjects, and Miss Edith Gill, girls' physical education.

For the elementary schools the following teachers were added to the faculty: Miss Lois Raffetto, Mrs. Zirel Dowd, Miss Louisa Manza, Mrs. Marian Roberts and Miss Alice Sluiter.

Mrs. Lawrence Varblow, first vice-president; Mrs. Lloyd Hogan, second vice-president; Mrs. Lester Oates, recording secretary; Mrs. Wallace Mardilla, corresponding secretary, Mrs. Charles Ott, treasurer; Mrs. Walter Norton, financial secretary; Mrs. Victor Coolidge, auditor; Mrs. Jessie Williams, historian, and Mrs. John Ryan, parliamentarian.

Vocal renditions by Angelo Rodriques, accompanied by Norman Lewis, at the piano, and a piano solo by Wilbur Maybe, talented high school students, provided the musical interlude.

Miss Winifred Goode, historian, summarized the past year's achievements, and following the business meeting refreshments were served at a beautifully appointed tea table.

Mrs. R. M. Melbye, retiring president, presided.

Mrs. Melbye and her executive board will wind up activities of the year with a Drama Tea on Friday afternoon, May 18, when Leona Mourton Nelson, musical comedy star, will be presented in songs and sketches from a current New York musical. Mrs. Oliver Nelson is in charge of arrangements.

In expressing appreciation to the many who assisted in the recent Scout paper drive, Chairman Lloyd Hogan, on behalf of his committee said: "May we take this means to thank everyone who assisted in the recent Scout paper drive which was very successful, adding a nice sum to the treasury to further Scout work in this area."

Fifteen members of the Troop are already pledged to attend the summer camp at Wolfboro in July under the leadership of Scoutmaster Charles Anderson and his assistant, Frank Gray. This will be a record number of boys from this Troop and co-operation of the people of Albany and their interest in the furtherance of Scouting makes such a venture possible.

Troop 42 will also take an active part in the Camporee May 19-20 at Tilden Park and extends an invitation to everyone to visit Camp on either date.

Albany Schools Participate in War Loan Drive

Plans have been made to carry on an intensive Bond drive for the Seventh War Loan in all of the Albany schools. The elementary schools will urge students to contact all of their neighbors and people in the immediate vicinity of their homes. Girl Scouts at each school will be asked to assist in the work and anyone who sells a bond will receive a certificate that he has individually participated in the Seventh War Loan Drive.

Each pupil who buys or sells a Bond will receive a theater ticket for a special show to be presented at the Albany Theatre for elementary school children.

At the high school a special campaign in support of the War Loan Drive is being carried on through advisory competition. Students voted for class representatives from their advisories and each student buying or selling a Bond receives one vote which may be cast for the high school Bond Queen. It is reported that competition in the contest is keen.

The school war bond campaign will start on May 21 and end on June 6. William Woolworth, principal of Cornell School, is director of the campaign for this Seventh War Loan Drive.

Youth Recreation Center Continues To Hold Spotlight

The Youth Recreation Center, located in the Albany High School Gymnasium continues to hold the spot light for teen age youth on Saturday nights. The second night that the Recreation Center was open found some 280 girls and boys playing ping pong, games and dancing.

The setting of decorations and furnishings provided one of the bright spots in the East Bay for youth to enjoy their leisure time. The Snack Bar continues to do a rushing business providing the teen agers with sandwiches and Coca Cola.

Many new games have been provided during the past week with the promise from several organizations that they are planning to purchase still more game equipment for the teen agers.

Directors in charge Saturday night were Elmer Venter, Marin School Playground Director; Thelma Vickland, Codornices Community Center Director; Emmett Devine, Supervisor; and Edwin S. Howell, Superintendent of Recreation.

The change of operating time went into effect with the doors opening at 7 p. m. and closing at 11 p. m. sharp.

Admission to this Recreation Center is by Albany High School Student Body Card or special Membership Pass, issued by the Recreation Department to any boy or girl of teen age, residing in the city limits of Albany and attending High School.

Through efforts of the new troop committee, consisting of Chairman Ed Hanahan, Treasurer Charles Lewis, Art L. Weinberg, Leslie A. Simonsen and George Jelton, the American Legion Post 292 has repaired or replaced all troop equipment. All members of the troop expressed their gratitude to the Post.

Cash awards for excellent scouting were presented to David Stacey, first prize; Don Diani, second; Jack Darrah and Skip Hawkins, third.

Albany Citizens Buy $60,000 In War Bonds During First Week of Seventh Bond Drive

By CLYDE GORDON

Spurred on by V-E Day and the impending struggle to defeat Japan, Albany Monday opened the "Mighty Seventh War Loan Drive in a gigantic effort to sell $476,774 in war bonds.

Preliminary reports from war bond chairmen of the community indicate that all is set for an intensive drive to ocntact every citizen in an effort to quickly put the city "over the top." During the first week of the drive, Albany citizens have purchased $60,000 towards the quota.

To that end, a vast army of volunteer workers have been mobilized. In the ranks of this army are retail employes, jewelers, bankers, automobile dealers, fraternal and service club members, veteran organization members, real estate licensees, housewives, farm workers and numerous others.

Backing this army of volunteers is the "Mighty Seventh" War Loan rally cry, "Let's Finish the Job."

In laying final plans last night at the second meeting of the general committee W. J. Bowman, chairman of the Albany War Finance Committee, said:

"Our task is clear. We must give our servicemen on land, sea and air the material needed to bring about the unconditional surrender of Japan.

"The principal way in which we, the people, can bring this about is by buying more and more bonds.

"Tremenduos sums must be spen to move our armies to the Pacific and to give them supplies. The only way in which this money can be raised is by selling bonds. And it is the responsibility of every man, woman and child in Albany to buy those bonds."

During the "Mighty Seventh' drive, local citizens will be able to buy the "Eisenhower bond" . . . the bond issued as a mementous symbol of V-E Day. It is stamped, "General Eisenhower bond," and is available in all denominations through all issuing agents.

Local the drive will gain impetus starting Monday when the school children of this city will begin a house to house campaign selling with quotas of $16,250 having been set for Marin, Cornell and Codornices schools and $21,000 for the high school.

Principal William Woolworth of Cornell School is general chairman of the school drive and he will be assisted by Principals Charles A. Moore, Milton D. Gordon and Eugene H. Baker. Special awards will bs made to each school gaining its objective during the campaign.

In addition to the 12 Albany women's organizations under the direction of Gertrude Ross, Grace Higgins and Nell Moore, will canvass the business houses of the town and will maintain a bond selling booth on the corner of Solano and San Pablo Avenues.

Marin Dads Club to Hold Wives Night

On Friday night, May 25, the Marin School Dads Club will hold its annual Dads and Wives night. All members of the club and their wives are invited to attend this meeting and enjoy a gala evening.

In addition to the social portion of the evening there will be a short business meeting at which the new officers for next term will be installed.

John C. Jury, President of the Albany-Berkeley Council of Dads Clubs, will be the installing officer and the new officers for the club will be: Frank Gray, President; Charles Cummings, Vice-President; Vern Fuhriman, Secretary; and Herb Schorsch, Treasurer.

At the last executive board meeting, President Markley appointed the year's auditing committee. The chairman of this committee is Jack Weiss and the members are Morris Stadum and Fred Myers.

Children to Have Religious Education

Parents of children in Albany schools are being asked to sign cards to permit their children to attend religious education classes for one hour a week on school time—for the fifth, sixth, seventh, eighth, and ninth grades. Classes will meet the first and last hours of the morning and afternoon, so that no child will have to sacrifice essential subjects. There is no tuition charge.

Classes will be under the sponsorship of Catholic, Lutheran, and general Protestant committees, meeting in centers near the schools. A full curriculum, with professionally trained and paid teachers, will be provided. The Protestants will be under the Berkeley Protestant Council for Christian Education.

All children attending Albany schools, regardless of church affiliation, may participate in religious instruction classes. All expenses are covered by the local churches. Public school teachers will not cause the regular work of any pupil to suffer.

These schools began in 1913, in Gary, Indiana, and California was the 39th state to legalize released-time religious teaching. There are now 44 states permitting it.

During 1944-5, over 60 pupils in the 8th and 9th grades attended St. Jerome's Church, Grace Lutheran Church, or the Albany Baptist Church (which was the class room for all Protestants). Parents, pupils, and teachers acclaim it a success, and have asked an extension into the lower grades. Parents are asked to sign cards indicating which school the children should attend.

Preparations Being Made for 'Poppy Day'

"Now we can begin! The Poppies are here!"

When members of the American Legion Auxiliary heard these words today, many of them came to the Legion home to start getting the little red flowers ready for sale on Poppy Days, May 25 and 26.

Each little poppy is a paper replica of those blooms that grew so bravely on the battlefields of World War I. Since each is shaped by hand, each is slightly different from its fellows but, as Mrs. Una Roderick, Auxiliary Poppy chairman, pointed out, every flower carries the same message and dedication.

"The poppy is the memorial flower for every man who has died fighting in either of our two great World Wars. They have all died in a common cause, whether death struck them on Flanders Field in 1919 or on Tarawa in 1944," said Mrs. Roderick. "In America's continual struggle to maintain her liberty these dead warriors are linked together in spite of 25 years in time and thousands of miles in space. The poppy is worn as evidence that we remember and revere them all."

The poppies are now being sorted and counted so that they will be ready to be placed in the baskets of the Auxiliary volunteers who will distribute them throughout the city on Friday and Saturday May 25-26. The money received for them will be used in the Legion's and Auxiliary's aid to disabled veterans and the families of service men.

Harland Frederick Speaks in Albany

On Monday, May 21, in the Marin School Auditorium, Harland Frederick of the University of California will speak on the San Francisco Security Conference. The meeting is being sponsored by the Albany branch of the Association for Childhood Education. Parents of Albany children are cordially invited to attend. Tea will be served from 3:20 p. m. until 3:5 p. m. and the lecture meeting will begin at 3:45 o'clock.

Frederick is an instructor in government and lectures on current events for the University Extension Division. He is officially accredited to the Radio Division of the United Nations Conference at San Francisco and has attended the session meetings.

PT&T Co. Handle High Volume Of Business

President N. R. Powley of The Pacific Telephone and Telegraph Company in his message to shareholders accompanying dividend checks for the first quarter of the years calls attention to the company's performance in handling the high volume of business, confronted as it is with inadequate facilities, due to the pressing war demands, to meet promptly the unfilled civilian orders for telephone service. Mr. Powley pointed out that it may not be generally appreciated how heavy the work volumes are and how strikingly they reflect the tremendously increased and mobile population and the unprecedented activity throughout the Pacific Coast.

Mr. Powley called to the attention of the shareholders that, "Inclusive of new installations, discontinuances and moves, our company handled last year a movement of 991,559 telephones—a number equal to more than a third of our total telephones in service. This movement was composed of 360,443 connections, 340,590 discontinuances, and 145,263 moves due to changes of address by our customers. To gain one telephone, it was necessary to connect and disconnect, and incur the costs therefor, a total of 50 telephones. Telephones connected were 23 per cent greater and discontinuances were 16 per cent less for the first two months of 1945 than for the corresponding period of last year. Due to the pressing war demands upon manufacturing facilities, the unfilled civilian orders for telephone service continue to increase. All telephones, however, essential to the war effort are being installed.

"The cooperative understanding being shown by the many people who are on the waiting list is most sincerely appreciated, as is the splendid response of the public to our long distance service requests to 'save from 7 to 10 P. M. for the service men,' and to limit calls to five minutes where circuits to war-busy centers are crowded. We earnestly seek, at all times, to merit the confidence of the public. Our fine personnel does itself traditional credit through its courteous and efficient service. In whatever department or capacity our employees serve, they all are representatives of our company and their conduct, individually and collectively, determines its character and reputation.

"The preliminary Earning Report for the first quarter of the year indicates earnings per common share of $1.75 as compared with $1.84 per common share for the last quarter of 1944 and $1.55 per share for the first quarter of last year. Labor costs and taxes continue to increase markedly. Further wage increases involving substantial expenditures have been recently under negotiation with the unions. Our commitment to employees absent on leave in the armed forces and the merchant marine will require large wage expenditures when we gladly welcome them home to our family circle."

It's better, states the Department of Motor Vehicles, to be late for work than early for Heaven.

Dutch Whist to Be Held Tonight

This evening (May 18) at 8 o'clock at the Recreation Center, 850 Masonic Avenue, the Pre-school Mothers Club will give a Dutch Whist party for new members.

Mrs. Frank R. Takken, social chairman, has spent much time and effort preparing for this event and has been assisted by the Mesdames Connell, Hoxworth, Hendrickson, Tunnicliff, Heinkel, Cox, Baxter, Sturges, Shock, Collins, Stadum, and McCormick, who have served on the various committees.

Mrs. Marion Crutcher and Mrs. Ruth Cowan will entertain with several vocal duets, accompanied by Mrs. Richard V. Collicott at the piano.

Recuperating

The many friends of Mrs. Phil Smookler are happy to learn that she is at home again and recuperating from a serious operation performed at Peralta Hospital.

"Truly Yours Phil" along with their son, Michael, and daughter, Helene, are also happy that "mother" is at home. With time divided between "Truly Yours Phil's" Men's store on Solano Avenue and their home on Ramona Avenue they report there hasn't been much time for recreation.

GREAT NEWS FOR WOMEN WHO DOUCHE

Many Doctors today recommend the use of douches for women troubled with discharge ("the whites"), offending odor, and minor irritation —for women who want to be and feel *refreshingly clean*.

And here's a product for the douche —Hospital tested, too, with splendid results—Lydia E. Pinkham's Sanative Wash, made by the same great company that makes Lydia E. Pinkham's Vegetable Compound.

Pinkham's Sanative Wash is gaining great favor today with women. It's mighty effective to cleanse, relieve offending odor, discharge and discomfort of minor irritation, yet it positively won't harm even the most delicate membranes or tissues. Inexpensive, too. Any drug store.

Pre-School Members Visit Berkeley Center

Mrs. Nell Curran, director of the Albany Pre-School, accompanied by Mrs. Douglas Sturges, president of Pre-School Mothers' Club, and Mrs. E. A. Enoksen, visited the Willard Parent Nursery Center on Friday, May 11.

This is the first of a series of contemplated visits with the purpose in mind to create interest in pre-school activities and to observe the working methods of other schools.

Mrs. Vivian Gray, who was a member of the Albany Club, is now the morning teacher of the Willard Center.

War Bond Queen To Be Chosen

Albany High School's War Bond Queen (the winning candidate of the 7th War Loan Bond Drive) will be crowned with all the pomp and ceremony of a royal coronation at the annual Junior-Senior Prom, June 1. Wearing a regal robe, the Queen, with her two ladies-in-waiting, two flower-girls, and a crown bearer, will proceed through the royally-decorated gymnasium to the stage, where a throne will await her. The crown will be presented to Albany's queen by President of the Senior Class, Harry Bolton.

Pat Methany, Committee Chairman, and Ann Hedquist, Chairman of the Decoration Committee, will select the robe and crown, which will be supplied through the courtesy of journalism classes.

Cub Pack 7

The monthly meeting of Cub Pack 7 was held Tuesday, May 1, at Memorial Park. The cooperation of parentsin their attendance, as well as the array of food they brought, made this picnic a great success.

New Cubs admitted at this time were Norman Vaughn, Ronald Zucca, Bill Riley, Mitchell Wollner, and Wallace Patch, a transfer from Berkeley. Jerry Roberts of Den 6 was promoted to Scouts with high honors.

Appreciation is extended to parents from the committee and an invitation is extended to attend the Pack Court of Awards, June 5, at Cornell School.

PLAN AHEAD FOR 194X LIVING.

Washday work banished by...
Automatic Washer—Tumbler Dryer—Iron

You will no longer dread washday with its boring, back-breaking work when the 194X Home Laundry machines do your work. You will fall in love with them at first sight. You will love them for the labor they will save you.

First is the Automatic Washer. You put the soiled clothes in the machine—set a few knobs or dials. Then it washes, rinses, damp-dries all by itself.

Second is the Tumbler Dryer. You put the damp-dry clothes in this machine, set a dial and turn a knob and clothes are gently warmed bone-dry as they tumble about in a metal basket.

Third is the Ironing Machine. You would never do without one of the new speedy ironing machines once you use one. You sit down to iron pillow cases, shirts, towels . . . everything with professional skill.

In your Home of Tomorrow, provide space and Adequate wiring for these three work-saving wonders for the home. Soon after complete victory is won they will be available. Put them down on your *must* list.

Communicated

The following letter, received from Congressman John H. Tolan (and which has been written into the Congressional Record) was received by the Albany Times this week::

The Hon. John H. Tolan of California in the House of Representatives speaking:

"Mr. Speaker, as part of my remarks, I wish to include an appealing and powerful letter from Joe McGuire, whose family I have known for many years in Oakland, Calif. On the eve of the Seventh War Bond Loan Drive Joe's letter is timely, beautifully written, and so true. It should appeal to all of us, safe at home, coming from a 23-year-old boy, has seen years of active service fighting for his country.

I am proud to have the honor of inserting this wonderful and patriotic letter in the Congressional Record and we should take his soul-stirring words to heart. We should show Joe and his fighting buddies that we believe every word he writes by making the seventh War Bond Drive a thrilling success. This will be, and must be, our answer to Joe and our brave boys who are giving their all on the fighting fronts.

Joe's letter follows:

"Somewhere in the Pacific"
Thursday, March 15, 1945.

Dear Dad: We have just heard of the coming War Bond Drive sometime during the month of April. I believe that it will be the last one for all time but only if you and every loyal American citizen does his utmost to try and buy a $100 bond. By doing this you will furnish us with food, clothing, fighting equipment, and ammunition, and that we ask of you back home.

I am sure that if the folks could look into a hospital and see the fellows who suffered from what they call the duty in such a condition will never again be able to walk and of the thousands that gave up their lives that at home would never let these things happen in our America.

If they could see their boys lying a hill knowing that waiting for them somewhere the way, but never once would of stopping or turning back they believe that what they are living and dying for is right and it is the only way to keep what it is and always will be home of the free.

When you back home bonds you are investing and sacrificing not money alone but the lives thousands of men which, of course, may include your sons. Many have spent three or more years seas and we want to return and be once more a free people living in a free America. The way that this is possible is for at home to invest in War Bonds.

We do not have an 8-hour day any overtime and we are paid for any. All we ask is that There are millions of men that are here not because they made to come out but because believed that there was a job done. You can thank Almighty for men like these because them there would be dead bodies in the streets of America.

The news at home sounds good and there are no doubt when you feel that the war is almost over. If, however, your buddy shot dead at your would realize that it is not will not be over until this has been defeated everywhere.

One way to bring about this is for you at home to buy bonds possible.

Your loving son,

Punishment of tires in the berless days should be severe "switching" them occasionally.
